International application No.

PCT/AU2003/000682

| V. | Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement |
|----|---|
|    |   |

| 1.   | Statement                     |                      |     |
|--|-------------------------------|----------------------|-----|
|  | Novelty (N)                   | Claims 1 - 20        | YES |
|  |                               | Claims               | NO  |
|  | Inventive step (IS)           | Claims 1 - 20        | YES |
|  | Industrial applicability (IA) | Claims               | NO  |
|  | upproduinty (IA)              | Claims 1 - 20 Claims | YES |
| <del>                                     </del> |                               | •                    | NO  |

2. Citations and explanations (Rule 70.7)

Claims 1 to 20 meet the criteria set forth in PCT Articles 33(2)-(4) for novelty, inventive step, and industrial applicability, because the prior art before the priority date of the present claims does not disclose or fairly suggest a method of leaching a metal value from a heap of a metal-containing ore as disclosed in the present claims. This method has industrial applicability.
